

Dear Parents / Guardians,

The students of 2.1 and 2.2 have been working very hard this semester on a variety of subjects including a Roald Dahl and Aesop focus in Literacy, studying the First Fleet in HASS as well as studying the life styles of the Aboriginal people, and a big focus on STEM projects. We have recently been looking at data collection and representation in Math.

Both classes worked alongside each other and shared their fantastic ideas. We would like to celebrate this collaborative learning. This will be held on Wednesday 28th June at 12:00pm. As we conducted a survey on pizza topping preferences, we thought it would be lovely if the students could share pizza for lunch.

For \$4.50 students will receive several pieces of pizza and a drink.

We will also be viewing movies which tie in with our discussions of morals and values in Literacy. The two movies will be Moana and The Trolls.

Please sign the form below to ensure your child can participate in this day.

My child will / will not be having pizza (please circle)

My child is / is not allowed to view these movies (pleases circle)

Please list any food allergies _____

Signed (parent / guardian)
