

Dear Parents,

STEM Learning Project

As part of our continued participation in the STEM (Science, technology, Engineering and Mathematics) Learning Project, teachers at Golden Bay Primary School will be filmed delivering lessons using the resources that have been trialled and collaboratively developed over the past 8 months.

The STEM Learning Project is a consortium in STEM education comprising of the *Educational Computing Association of WA*, the *Mathematical Association of WA*, the *Science Teachers Association of WA* and . Together with teachers in school across the state, the Learning Project has been developing and refining resources that support the teaching and learning of STEM in project-based structures. These resources and videos of demonstration will be soon be available to all schools in WA to access through our Department portal.

As a participant in a class where the lesson will be filmed we are requesting permission for your child to participate. The video will primarily focus on the teacher and the delivery of the lesson.

Any student who does not have parental permission to participate will be provided with independent work to complete in another classroom during filming.

Please complete, sign and return the attached release form to the school by **Friday 10 March 2017**.

If you have any further questions or would like to discuss this further, please contact me.

Yours Sincerely,

MICHELLE NASH
ASSISTANT PRINCIPAL

3 March 2017
