

Dear Parents and Carers

RE: VOLUNTARY CONTRIBUTIONS

Financial Support provided by parents has always played an enabling role in the provision of resources that extend the school’s capacity to add value to students’ learning experience. For example, parent contributions allow schools to provide class sets of text books instead of students having to provide their own.

Contributions are \$55.00 per child (years K-6).

This charge has been endorsed by the School Board and falls below the maximum set (\$60.00 per child) under Section 99 of the School Education Act.

The continuing partnership between our school and you is vital to ensuring that all students have access to superior resources to support their learning. Money collected will be used to supplement school expenditure across the Learning Areas and for Resource Materials. While contributions are voluntary the quality of our teaching and learning program will be maximised if all families support this initiative.

For those parents who have not yet paid their child/ren’s Voluntary Contributions, payment of contributions can be made at Administration (EFTPOS preferred), via the payment slip below or by direct deposit into our school bank account.
