

CONSTABLE CARE INCURSION

Dear Parents,

The Constable Care Child Safety Foundation Inc. is a registered harm prevention charity that delivers award winning safety education programs to school students throughout Western Australia.

Through puppet theatre and live interactive performances, Constable Care's team of professional actors address a range of personal safety, community safety and citizenship themes that excite, engage, challenge and educate.

Constable Care was established in 1989 and since that time over 2 million children have seen a Constable Care show.

In 2014 Constable Care celebrated 25 years of service to the Western Australian community.

On **Monday February 15**, students in Years 1-3 will engage with the "Fun Scary" presentation with a key focus on protective behaviours. This is a free incursion and teachers will reinforce the messages presented in follow-up lessons in the classroom

Key Concepts for this performance:

There is a difference between keeping 'safe' and 'unsafe' secrets

Our bodies give us warning signs when we are feeling unsafe.

Tell a trusted adult if you ever feel the 'bad' sort of scared or you don't feel safe.

Tell an adult again if they don't listen to you the first time

Sometimes you might need to move to the next trusted adult on your 'trusted hand network'.
