

Dance 2016

Dear Parents,

As a component of The Arts and Health and Physical Education curriculum, students at Golden Bay Primary School will have the opportunity to engage with a series of dance sessions that will form the foundation of ongoing dance learning opportunities throughout the year. This series of sessions will be instructed by a qualified dance teacher and will focus on strength building as well as choreography. As part of this learning experience, students will gain a greater understanding of dance terminology and will have the opportunity to choreograph, by applying the steps and sequences practiced.

The aims of the series of sessions will be for students across all year groups to:

- ✓ Extend their awareness of the body as they incorporate actions using different body parts, zones and bases;
- ✓ Explore and experiment with directions, time and dynamics;
- ✓ Explore and extend fundamental movement skills and technical skills (upper primary); and
- ✓ Experience success and enjoyment.

When: Dance sessions will run on **five** Mondays in Term 1 2016, starting
Week 4 February 22

Duration: Years 1-3, 30 minutes sessions, Years 4-6, 40 minute sessions

Cost: \$2.00 per session, **\$10.00** in total
